Dear Maurizio:

I am pleased to inform you that the ICPP-9 Awards Committee has selected you to receive the 2016 Eraldo Antonini Award in Porphyrin Chemistry which will be given at at ICPP-9 in Nanjing, China, July 3-8, 2016.

As you are aware, this award is given every two years to a senior scientist for his lifetime work in the field of porphyrins. I am personally delighted that you have been selected for this honor and look forward to personally congratulating you at the awards ceremony which will be held during the week of our meeting in conjunction with an awards lecture where you will receive a plaque and an honorarium.

The society will soon begin to provide promotional material on our meeting which will include the names of our distinguished award winners and I would appreciate if you could send me a short vita and photograph which will appear in an upcoming issue of the *Journal of Porphyrins and Phthalocyanines*. I would also like to have an approximate title of your award lecture which could be changed later when an abstract will be requested.

Again, congratulations on being selected to received the 2016 Eraldo Antonini Award.

Sincerely yours,

Karl M. Kadish
